## ABOUT MIOT INTERNATIONAL

MIOT International offers the best in health care to patients who have come to trust the hospital as one of India's best. A 1000-bed facility offering superlative treatment in 63 specialities, MIOT proudly lays claim to a team of world-class professionals who use our state-of-the-art infrastructure and cutting-edge technology to heal and give hope to our patients. Consistently adjudged as a leader in healthcare, MIOT International attracts patients from 129 countries who seek our expertise in moving towards wellness.

## DEPARTMENT OF LABORATORY MEDICINE

The Department of Laboratory Medicine at MIOT International offers round-the-clock services in all branches of laboratory services. Ranked eighth internationally, the sophisticated 6,600 sq. ft. facility has state-of-the-art diagnostic technology and a full-time, dedicated team of lab medicine experts.

MIOT International laboratory services include Clinical Pathology, Clinical Chemistry, Endocrinology and Serology, Haematology, Immuno-Haematology and Coagulation, Microbiology, Anatomic Pathology and Cytology, Transplantation Immunology, Flow Cytometry and Molecular Diagnostics.

The laboratory has adopted the ISO 15189:2012 quality management system. It is staffed with excellent technologists who are mandatorily kept updated with the latest protocols and methodologies, and work closely with laboratory physicians.

The centralized laboratory, right on campus, enables discussion between lab-medicine experts, physicians and surgeons. Patients benefit from an accurate and quicker diagnosis which, in turn, means quicker treatment and a shorter hospital stay.

## WHO MAY ATTEND?

- Pathologists, Microbiologists & Biochemists.
- Post Graduates in Pathology, Microbiology, Biochemistry & Residents
- Laboratory personnel - Lab supervisors, Lab In-charges & Quality Manager.
- Postgraduate paramedical students

**The CME is limited to 200 participants only**  
Last date for Registration: **November 05<sup>th</sup>, 2017**
