**HURRY**  
GRAB YOUR SLOT NOW!

WELCOME

Dear colleagues & friends!

Warm greetings from PGI Chandigarh

It is indeed a matter of great honour & privilege to invite you all to a CME cum Workshop dedicated thoroughly to allergic & autoimmune disorders and their laboratory diagnosis.

A rapid increase in allergic & autoimmune disorders has been witnessed in our country. Being a physician it increases our responsibility of timely detecting & treating disease by all means. It is therefore important to exchange the knowledge, update ourselves & use it for patient care. The CME will provide a platform for all those working in this area to share their experiences. The workshop in addition aims to train the laboratory personnel involved/interested in in-vitro diagnosis of these disorders. The organising committee ensures you best efforts in providing an academic feast.

We look forward to welcoming you to the beautiful city, Chandigarh on 17<sup>th</sup> of September, 2018 to experience a cutting edge scientific program.

.....Ranjana W. Minz
