AUTOPSY WORKSHOP-2018

- The role of autopsy in learning pathology cannot be underestimated.
- Department of Pathology of KEM Hospital, Mumbai is one of the few centres where clinical autopsies are done on a large scale (approx.800/year).
- The workshop aims to add knowledge of autopsy and to familiarize the post graduate students where this facility is not available.
- We invite you to the fourth autopsy workshop that will cover dissection techniques, specimen demonstration and clinico-pathological discussions of interesting cases.
