

**CME and Workshop on
'ABCD' of Coagulation: Approach to Bleeding & Clotting Disorders**
Organized by

**Department of Hematology, SGPGIMS, Lucknow
16th – 19th February 2019**

It gives us great pleasure to announce that the Department of Hematology, SGPGIMS, Lucknow is organizing a CME and workshop on 'ABCD' of Coagulation: Approach to Bleeding & Clotting Disorders. The main aim of the CME is to orient the participants about the basics of coagulation, and discuss the challenges and intricacies involved in the diagnosis of bleeding & thrombophilic disorders.

The CME will be followed by a Wet workshop, the objective of which is to impart training to the personnel actively involved in the lab diagnosis of coagulation disorders. The workshop will enable the candidates to independently perform coagulation exercises, interpret the data, and carry out routine troubleshooting exercises. The workshop seats are limited and restricted for pair of faculty - technician from the same Institute/ Laboratory. A copy of the Scientific Program is enclosed for your kind attention.
