TOPIC**

“Diagnostic Review of Cervical Cancers”

February, 21st, Thursday, 2019

Time : 09:00 AM to 4:00PM

Venue:

**LT-5, New OPD Building Associate
Medical College Hospital,
Datia, M.P**

**Patron : Dr. Prof. Rajesh Gaur,
Dean,
Govt. Medical College, Datia, MP**

Dear Friends, Colleagues & Guests:

With gratitude towards faculty and the participants, the organizing committee and team GMC, Datia led by our visionary team leader, patron and founder Dean Dr. Rajesh Gaur are delighted to invite you to “DAGC:2019” A landmark event in the calendar of Govt. Medical College, Datia located in the Majestic, Divine and Sacred city blessed by Maa Pitambara. This event is focused on offering a high level scientific forum to encourage multidisciplinary interactions to build a bridge between scientific research & clinical application. This symposium will offer a variety of learning opportunities for the participants like scientific modules, clinical sessions, interactive lectures, group discussions and a unique opportunity to interact with distinguished experts and eminent speakers which will offer a comprehensive overview of the topic. Clinical strategies for Prevention, Control and management of Gynecological cancers revolves round prompt diagnosis and timely actions based on precision based screening and protocols tackling risk factors like extensive immunization of vulnerable population. New technology and risk algorithms allow us to increase the precision of screening and the sensitivity of existing tools for early detection and management. It is a matter of immense pleasure for us to invite you all to intensive academic discussions in a stimulating atmosphere. In addition to attending the symposium, you will get a life time experience to explore this magnificent city blessed by Maa Pitambara being one of the most revered Shaktipeeth of high religious significance for pilgrims including President of India, Prime ministers & cabinet ministers who had sought blessings of Pitambara Mai quiet often. Being one of the leading centers of Social, cultural, religious, artistic and archaeological significance with a glorious history and immense natural beauty this city of Lakes, Temples & Hills, Datia popularly known as Mini Vrindavan offers a variety of things to explore.
