Target audience: Practising pathologists and
pathology trainees aiming to take the histopathology
FRCPath Part 2 exam in the UK. For those not
intending to sit the exams, it can provide an insight
into the training and practice of histopathology in
the UK.

The course aims to provide the following:

(I) An overview of the exam pattern with an
emphasis on the approach to establishing the
diagnosis (or differential diagnosis), the role of
ancillary techniques and writing the report. The
participants will be self assessing their own
preparedness for the exam. They will be expected to
write a report on the photographs of cases and
compare it during the subsequent discussion, self
marking the answers in the process.

The topics covered will include the different
components of the exam.

- Short cases
- Long cases
- Frozen sections
- Macroscopic pathology
- OSPE cases
- Non-gynae cytology cases

(II) An overview of practising as a consultant
histopathologist in the UK
