Spot registration- By Cash only

20th June 2020
Venue: St. John’s Medical College, Bangalore

Organised by:
Department of Pathology, St. John’s Medical College, Bangalore- 560034.
Greetings from
St. John’s Medical College!!!

On behalf of the Organising committee, we invite you to attend the one-day CME in Renal pathology on 20th June 2020.

Nephropathology, a sub-specialization in the field of Pathology, is often challenging for residents as well as practicing consultants. Diagnosing common renal diseases on native renal biopies is an important skill that needs to be nurtured in fellow residents and practicing pathologists. This CME will focus on these needs with interactive case based discussions to help build the foundation and approach towards medical renal diseases while providing with an overview of the commonly encountered entities in native renal biopsies.

We are delighted to announce that eminent nephropathologists Dr. Ritambhara Nada, Professor, PGIMER, Chandigarh, Dr. Swarnalatha Gowrishankar, Senior consultant, Apollo Hospital, Hyderabad, Dr. Vinita Agrawal, Professor, SGPGI, Lucknow, and Dr. Mahesha V, Consultant, Manipal Hospital, Bangalore will grace the CME as honorable faculty. There will be a poster presentation session for post-graduates. It is our pleasure and privilege to invite you to attend and we look forward to your active participation.

Organising Secretary
Dr. Renuka Malipatel
Dr. V. Gnanapriya
