

# DIAGNOSTIC PULMONARY PATHOLOGY WEB SERIES - Season 4

Module 7: Non neoplastic lung pathology

Module 8: Neoplastic lung pathology

## Highlights of the Course

- 🦷 Live interactive sessions by Lung experts from India, USA, UK, Spain, Italy
- 🦷 Theme based lectures, Case based discussions (Cytology, Histology, Radiology and Autopsy), Recent advances, Interesting Slide seminar sessions
- 🦷 Certificate of participation
- 🦷 Course tenure: 7 months (1st June 2023 to 28th Dec 2023)
- 🦷 8 sessions in each module; on alternate Thursdays at 7pm IST
- 🦷 Duration of each session: 60 min (lecture) + 15 min (Q and A)

# DIAGNOSTIC PULMONARY PATHOLOGY WEB SERIES - Season 4

- ❧ Clinical management of Neoplastic and Non neoplastic lung diseases has changed significantly in the recent past. The Pathologist is not only expected to make the right diagnosis but also to guide the Clinician in therapeutic decision making and patient management
- ❧ These expectations together with the rapid advances in both diagnostic and therapeutic modalities poses both opportunities and challenges to the Practising Pathologists
- ❧ To deal with these aspects “Pulmonary Pathology Teaching Club (PPTC)” has started the online program “Diagnostic Pulmonary Pathology Web series” and has successfully completed three Seasons
- ❧ PPTC is now changed to “Association of Thoracic Pathologists” and invites you to the next advanced course : Season 4
- ❧ This course is spearheaded by Lung experts from India, USA, UK, Italy and Spain

## Aim of the Course

- ❧ To provide the attendees with a working knowledge of Neoplastic and Non neoplastic lung diseases
- ❧ To provide practical and up-to-date overview of the state of diagnostics, current classifications and ancillary testing in common benign and neoplastic lung conditions
- ❧ To provide practice guidelines to integrate clinical information, cytology, histology, radiology and emerging molecular techniques in the diagnosis of lung diseases

## Target Audience

- ❧ Practising Academic & Community Pathologists
- ❧ Residents and Fellows
- ❧ Pulmonologists, Thoracic Surgeons, Radiologists, Physicians
