

Special COURSE FEATURES!!!

Fast-paced changes in classification systems and the evaluation of emerging ancillary diagnostic tools make it increasingly necessary and challenging to keep pace with every area of surgical pathology.

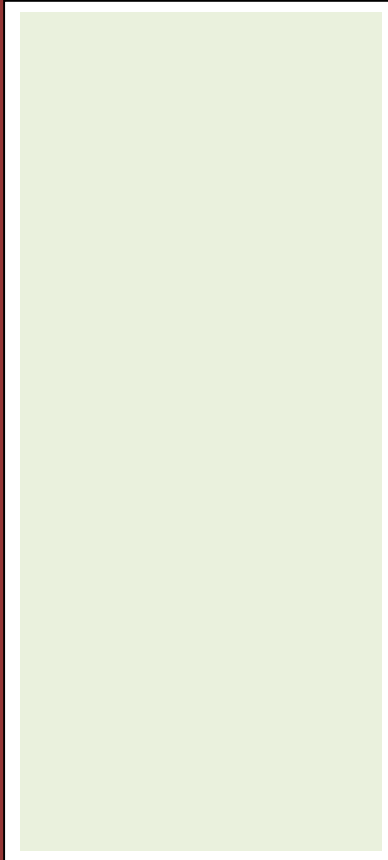

This practical one day course will provide you with helpful diagnostic pathways and hints for meeting new challenges and solving problematic cases.

The wide-ranging, practical content of this symposium will include:

- Coverage of a variety of subspecialty pathologic conditions that often pose problems in interpretation and classification.
- Latest developments in diagnostic tools, including immunohistochemistry studies and molecular markers.
- Answers to practical questions about communicating with treating physicians.

Following this course, you will be able to:

- Diagnose challenging tumoral and pseudotumoral conditions.
- Evaluate and interpret ancillary studies related to diagnosis.
- Describe and apply the current classification systems.

From:
Dr. Mrs. .M. V. Jadhav,
Department of Pathology
B. J. Medical College,
Pune-411 001

To:

Department of Pathology
And
Alumni of BJMC, Pune

Invites you to

International Symposium on
Oncopathology
A Review and
Update of diagnostic problems

7th Feb.2010

Venue-B.J. Medical College, Pune

Invited Speakers

Dr., Sanjeev S. Deodhare, MD, FRCPC

Hematopathologist,
Associate Professor, Pathology and Molecular
Medicine. Credit Valley Hospital, Mississauga,
Canada.

Dr. Dharam M. Ramnani, M.D

Urologist,
Laboratory Director at the Virginia Urology
Pathology Laboratory,
Richmond, Virginia, USA

Dr. Prashant A. Jani, MD, FRCP(C), FCAP

Asst. Professor, and Surgical Pathologist,
Thunder Bay Regional Health Science Center.
Ontario, Canada

Dr. Subodh M. Lele, M.D.

Associate Professor of Pathology
Director of Autopsy and Staff Pathologist,
University of Nebraska Medical Center, Omaha,
NE, USA

Dr. Agandra K. Bewtra MD

Professor, Creighton University School of
Medicine, Omaha, Nebraska, USA

Dr Rajkumar Vajpeyi MD, FACP, FRCP(C).

Consultant, Gastrointestinal Pathology
Toronto General Hospital, Canada

Program

Date: 07/02/10, Sunday, 8.00 AM - 5.30 PM

**Venue: Pathology Lecture Hall, BJ Medical
College, Pune**

8.00 am to 8.45 am: Registration and breakfast

8.45 am to 9.00 am –welcome

9.00.-10.00am–Approach to diagnosis of lymphoma-
Part -1

10.00 am to 11.00am- Approach to breast needle
biopsy interpretation.

11.00 am to 12.00 pm – Cystic tumors of Kidney.

12.00 pm to 1.00 pm lunch

1.00 pm to 2.00 pm – Prostate Biopsy interpretation.

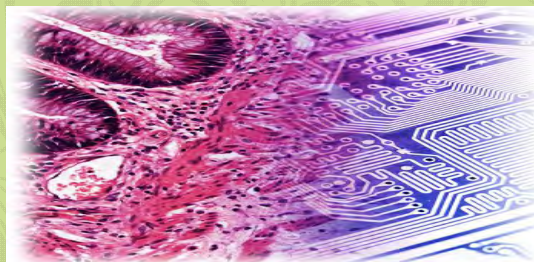

2.00 to 3.00 pm – Gastrointestinal Stromal Tumors -
The new consensus. An update.

3.00 PM to 3.15 PM – Tea break

3.15 pm to 4.15 pm –Approach to diagnosis of
lymphoma part-2

4.15 pm to 5.15 pm- Importance of surface receptors
and Intracellular signaling molecules in diagnosis
and treatment of malignancies.

5.15-5.30 PM –Thanks giving

Registration Details

Registration Fees : Rs.500/-, to be paid in cash or
by D. D. drawn in favour of -" Pathology Fund
BJMC. Pune" payable at Bank of Baroda, BJMC
Extn. Counter, Pune-411 001.

Name :

Category : P.G./Faculty/Consultant
