17th & 18th February, 2012

Venue : Harvard Auditorium

Department of Pathology
Sri Ramachandra Medical College and Research Institute
Sri Ramachandra University
Porur, Chennai - 600 116

Renal pathology is a distinct and specialized facet of pathology, where disease mechanisms play a vital role in diagnostic assessment. In this CME, the eminent speakers will explore evolving concepts of selected disease entities and discuss the problems encountered in their diagnosis by way of interactive discussions. We hope that the delegates will be enriched by this academic exposure and benefit immensely from the knowledge and experience shared by these stalwarts in the arena of renal and transplant pathology.
